## Education

### McMaster University

Hamilton, Canada

PHD ASTROPHYSICS

2021 - 2025 (expected)

Advisors: Dr. Alison Sills & Dr. William E. Harris

Thesis (working title): “Dynamics and Feedback of Massive Binaries in Young Massive Star Clusters”

Visit to the Max Planck Institute for Astrophysics from April to July 2023, supported by a CGS MSFSS

Comprehensive exam passed with distinction, A+ in all courses

### McMaster University

Hamilton, Canada

MSC ASTROPHYSICS

2019 - 2021

Advisors: Dr. Alison Sills & Dr. William E. Harris

Thesis: “Dynamical Modification of a Primordial Population of Binaries in Simulations of Star Cluster Formation”

### McGill University

Montreal, Canada

BSc PHYSICS, WITH MINOR IN MATHEMATICS

2016 - 2019

Thesis advisor: Dr. Nicolas Cowan

Senior thesis: “Determination of Terrestrial Exoplanets’ Rotation Rates from their Reflected Lightcurves”

### DEPARTMENT & FACULTY-LEVEL ROLES

- 2020-2024 **Student Representative on Physics & Astronomy Faculty Meetings**  
Attend monthly meetings of the department's faculty, and liaise with the graduate students and postdoctoral fellows. Responsibilities include providing a report to the graduate students and postdoctoral fellows following each meeting, and passing along concerns from the graduate student body back to the faculty.
- 2021-2022 **Student Member, Hiring Committee for Observational Exoplanet Astronomy**  
Non-voting member of the hiring committee for a tenure-track position in observational exoplanet astronomy, for McMaster University's Department of Physics & Astronomy. Responsibilities include reading the application material and attending the interviews for all the long-list and short list candidates, preparing and asking one question related to graduate student supervision for each interview, organize a meeting between graduate students and each short-list candidate, collect feedback from the graduate students regarding the candidates, produce a report in collaboration with the non-voting postdoc member, and present the report to the hiring committee.
- 2020 **Selection Committee for the Acting Associate Dean of Graduate Studies, Student member, Faculty of Science, McMaster University**  
Voting member of the selection committee. Responsibilities include reading the application material and attending the interviews for all the short list candidates, asking one question related to graduate student supervision for each interview, and providing succinct feedback on the candidates to the selection committee.

#### STUDENT-LEAD EDI INITIATIVES

- 2019-now **Active member of Promoting Inclusion in Physics & Astronomy (McMaster University)**  
Main contribution is the organization of several online inter-department events, including inviting and coordinating with speakers for discussion panels and colloquium series, obtaining funding, and advertising the events
- 2018-2019 **Communication Officer, STEM Support Committee (McGill University)**  
Organization of monthly EDI-based seminars and networking events for physics, computer science and mathematics students. Responsibilities include contacting speakers, advertising the events to the Department of Physics, and writing funding applications at the university and provincial government levels.

#### CONFERENCE & COLLOQUIUM SERIES ORGANIZATION

- 2024 **Member of Local Organizing Committee**  
"Star formation across the scales: star clusters to galactic disks", McMaster University
- 2022 **Member of Local Organizing Committee**  
Clusters @ McMaster Conference, McMaster University
- 2022 **Organiser of Summer Colloquium Series**  
Department of Physics & Astronomy, McMaster University

## Outreach & EDI

---

### MENTORING

- 2020-now **Mentor to first-year MSc students, McMaster University**  
Seven students mentored, in the Department of Physics & Astronomy. Responsibilities include helping onboarding students by providing resources and help to find housing, register for classes, and meet other students. For several mentees, the responsibilities extend to meeting with them several times during their MSc and helping them with scholarship applications.

### PHYSICS & ASTRONOMY OUTREACH

- 2022-now **Presenter for McMaster's portable planetarium**  
> 40 presentations for school groups (5-18 years old) and the general public, including eclipse-related shows and presentations of *The Celestial Bear: The Six Nations' Night Sky*, developed in collaboration with Indigenous partners.
- 2019-now **Presenter for McMaster's W. J. McCallion Planetarium**  
> 50 presentations for school groups (5-18 years old) and the general public, including presentations of *The Celestial Bear: The Six Nations' Night Sky*. Design and presentation of a themed show focused on nebulae.
- 2024 **Eclipse ambassador, McMaster University**  
Outreach to the general public regarding the April 2024 solar eclipse
- 2020 **Invited presenter for Ask a Scientist**  
Online talk answering children's questions on stars and planets
- 2016 **Volunteer for CEGEP Garneau's Physical Sciences Demonstration Centre**  
Outreach to the general public and apparatus design for lab demonstrations
